Our Participants Say it Best:

“Great PMP Prep course that simplified the topics and key terminologies from PMBOK® to get prepared for the final PMP test.”

A. Ritter, Inventory Management and Process Analyst / Senior Analyst, Eaton

“This was a great opportunity to learn and share experiences with the team and the instructor. Couldn’t have asked for better! Thank you.”

E. Amaral, Project Coordinator, Metrolinx

“This was an intense course, taught very effectively. Congratulations to the instructor for a job well done.”

F. Ali, Senior Director Business Analysis & Special Projects, Pet Value Canada Inc.

The PMP Exam will be changing as of July 1, 2020! Please note the version which will be taught in this program.
Build your confidence and test-taking skills to successfully write your PMP exam.

In today’s fast-paced world of project management, work experience alone is only half the equation for career success. There is an ever-increasing demand from organizations for project leaders and staff who have obtained the Project Management Institute’s® Project Management Professional (PMP) designation.

The PMP certification illustrates that you have world-class standardized project management knowledge, and have committed yourself to mastering all of the essential PM skills. It puts you at the top of your industry, and will open many new avenues of career growth.

Our practical and convenient 5-day format will fast-forward you through:

- All the PMI® knowledge areas and process groups
- Proven test-taking skills to write your PMP exam
- Hundreds of sample questions that will build the skills to write the difficult 200-question exam
- All 35 contact hours are part of the qualifications to write the PMP exam

Featuring practice test/exam hints for each section

What You Will Learn

1. Learn from one of the most respected project managers in Canada: Sandra Martyn, PMP, is a university-level facilitator with thousands of hours of classroom training experience. She has taught project managers from all over the world, plus has spent 25 years “in the trenches.”

2. All knowledge areas and process groups will be reviewed in detail.

3. Review scores of sample questions: Learn first-hand how to interpret exam questions, and focus your study time on topics that need the most attention.

5. Network and learn in study teams: A top-rated feature of our program.

Who Should Attend

- Experienced project managers and analysts who want to improve their test-taking skills and confidence prior to writing the PMP exam
- Any individual who would simply like to increase their understanding of project management, even if you are not writing the exam

What Participants Say:

“I would recommend Sandi to anyone I know interested in PMP courses. She explains in simple language, is easy to understand and very knowledgeable.”
