Digital Marketing Strategies for Business Growth

Increase lead velocity and generate more sales qualified opportunities!

A total approach to the design and implementation of a digital marketing program that will drive bottom-line results.

As technology shifts, digital marketing strategies can **guide a long-term approach to doing business in a human and helpful way**: a better way to market, a better way to sell, and a better way to serve your customers and grow your business in a sustainable way.

This digital marketing strategy program will teach participants how to **attract qualified prospects by building trust and credibility for their business**. Students will learn techniques to leverage digital channels for ongoing client relationship development, such as **creating relevant and helpful online content** that addresses the questions, problems and needs of their ideal customers; and how to **effectively engage and delight buyers and prospects** by becoming an empathetic adviser and trusted expert.

Top Take-Aways

1. Accelerate your sales velocity and grow your sales pipeline online
2. Discover who your ideal buyers are, what they are looking for and how to attract them
3. Determine the information to gather from your contacts and how to get it
4. Explore how you can create remarkable content targeted to your ideal buyers
5. Develop effective and meaningful dialogue with your best customers that keeps out the competition
6. Attract people to your website and have them become customers without ever needing to speak to a salesperson
7. Effectively use social media for your business to engage your customers
8. Develop and sustain effective business blog articles tailored to your buyers' needs

9. Develop the focus and direction your business needs to become a thought leader in your industry
10. The role of marketing analytics and its importance for measuring success
